# Introduction

# Namespace Synesthesias.PLATEAU.Snap. Generated.Api

# Classes

#### <u>ImagesApi</u>

Represents a collection of functions to interact with the API endpoints

#### SurfacesApi

Represents a collection of functions to interact with the API endpoints

### Interfaces

#### <u>IImagesApi</u>

Represents a collection of functions to interact with the API endpoints

#### <u>IlmagesApiAsync</u>

Represents a collection of functions to interact with the API endpoints

#### <u>IlmagesApiSync</u>

Represents a collection of functions to interact with the API endpoints

#### <u>ISurfacesApi</u>

Represents a collection of functions to interact with the API endpoints

# <u>ISurfacesApiAsync</u>

Represents a collection of functions to interact with the API endpoints

# <u>ISurfacesApiSync</u>

Represents a collection of functions to interact with the API endpoints
